

Dr. Sadozai's Sides:

Dr. Sadozai observes Seth Caine:

INT. SAINT DYMPNA - OBSERVATION ROOM - DAY

DR. SADOZAI
Is he Autistic?

DR. REISE
No. We've run dozens of tests on him. Nothing shows up as abnormal.

SETH (O.S.)
(faster and faster)
Dardo da dardo ding! Dardo da dardo ding!

As Doctor Sadozai listens to Seth's strange language, he reaches into his pocket and pulls out a mini-recorder.

DR. REISE (CONT'D)
As for the glossolalia, it's also unlike anything we've ever heard before. Much more elaborate.

SETH (O.S.)
Doozsh! Doozsh! Chebabba nick tabbo!

DR. SADOZAI (CONT'D)
(holding up the recorder)
May I?

DR. REISE
Certainly.

Doctor Sadozai pushes the RECORD BUTTON and holds it up to the wall speaker.

SETH (FILTERED)
Degie shkabebe tak ananna utu,
utu, utu! BACKUS maak!

Doctor Sadozai looks at Reise, thinks for a moment, then resumes watching Seth.

SETH (FILTERED) (CONT'D)
Vehchoshech! Vehchoshech! Un-um
ha-gever shituum ha-een. Ahhhhhh!

DR. SADOZAI
We project what we're aware of.
(fixating on Seth)
So, the question becomes, what is he aware of?
