

**The Bedouin's Sides:**

**The Bedouin and Zak:**

INT. REMOTE DESERT HILLSIDE - TUNNEL - NIGHT

The internal light below dims to darkness and a monstrous, GOAT-LIKE HEAD WITH GLOWING RED EYES slowly begins to emerge. The creature hesitates when it sees the Bedouin. It mutters a deep, unrecognizable word.

THE BEDOUIN (O.S)  
(in Hebrew)  
Not today Azazel!

The beast roars in defiance, as the Bedouin abruptly thrusts his hand forward and in a flash of supernatural energy, the creature is thrust back! With a distant THUD, the cavern trembles and the stone stairway collapses, the surrounding rocks falling downward. The Bedouin removes the scepter and the massive stone wall quickly slides back into place.

ZAK  
(astonished)  
Who are you?

Satisfied that the beast is contained, the Bedouin tucks the scepter into his cloth belt and looks down at a very terrified soldier.

THE BEDOUIN  
All will be revealed to you in  
time... Zechariah.

Waving his hand slowly over Zak's body, he speaks in an UNKNOWN TONGUE.

**Christy and The Bedouin:**

EXT. ARIZONA DESERT FACILITY - EVENING

About a mile away from the desert research facility, a SWIRLING BALL OF LIGHT appears out of a floating SINGULARITY. It grows bigger until two figures - the Bedouin and Christy - begin to materialize inside it.

The Bedouin nods toward the research facility.

CHRISTY  
He's in *there*?

THE BEDOUIN  
Yes.

(CONTINUED)

CHRISTY  
I'm not going into that place. No way!

THE BEDOUIN  
He's the one Elyon has chosen.

CHRISTY  
Wonderful! So, if "he's the one," why do I have to bail him out?

THE BEDOUIN  
That is not your assignment. He still has much to learn, which is why he must remain there until the moedim.

CHRISTY  
I'm not a teacher.

THE BEDOUIN  
Everyone is a teacher. Zak must not repeat the sins of his father. Your assignment is to guide and protect him until you hear otherwise.

CHRISTY  
Whoa, whoa, whoa! Hang on a second. You want me to *stay* in there with him?

The Bedouin nods, yes.

CHRISTY (CONT'D)  
Look. I've paid my dues already! I've learned my lessons. Why...

THE BEDOUIN  
(smiles)  
Learning lessons never ends.
